Owner signoff checklist

The final acceptance checklist to run through with IronWrap before production — decisions, configuration, the Phone AI pilot, automations, compliance, QA, and sign-off.

IRONWRAP EXTERIORS • REV. JUNE 2026

Business decisions

- [ ] JobNimbus owns the canonical job number.
- [ ] GHL owns the lead front door and booking.
- [ ] GHL owns website lead capture and attribution; website source fields approved.
- [ ] Google Business Profile audited; review / source flow approved.
- [ ] Paid-lead readiness gate approved before LSA / paid local ads are enabled.
- [ ] CallRail or another call-tracking tool approved only if GHL attribution fails real tests.
- [ ] QuickBooks owns accounting truth.
- [ ] Google Drive selected as storage authority, unless the owner explicitly overrides.
- [ ] Renoworks deferred unless visualizer-led selling is approved.
- [ ] NaturalForms used in the first deliverable for field forms / signatures, because it's already subscribed.
- [ ] Paradigm deferred until the material-request flow is stable.
- [ ] Phone AI starts with the missed-call / after-hours pilot scope, then expands only after approval.
- [ ] WooCommerce / B2C store deferred from Task 1.
- [ ] Calgary expansion structure deferred unless the owner explicitly adds it.

Configuration

- [ ] JobNimbus boards / stages / fields configured.
- [ ] GHL pipelines / forms / calendar configured.
- [ ] Make scenarios audited and cleaned.

- [ ] NaturalForms plan level, JobNimbus integration, webhooks / output settings, and REST API availability checked.
- [ ] NaturalForms templates configured for the first-deliverable forms.
- [ ] Folder naming and subfolders approved.
- [ ] QuickBooks status visibility tested.
- [ ] Proposal template approved.
- [ ] Contract / signature platform decision approved.
- [ ] Material-list design approved.
- [ ] Measurement / document upload convention approved.

Phone AI pilot

- [ ] AI call notice approved.
- [ ] Knowledge base approved.
- [ ] Escalation triggers approved.
- [ ] Evaluation calls passed.
- [ ] Post-call follow-up trigger tested.
- [ ] Ilya approved recordings / summaries.
- [ ] Human transfer tested.

Automations

- [ ] New lead → JobNimbus works.
- [ ] Qualified job → folder works.
- [ ] Appointment → JobNimbus works.
- [ ] Proposal sent / accepted updates work.
- [ ] Deposit / payment status works.
- [ ] Moneris / Interac / credit-card policy approved if displayed to customers.
- [ ] FinanceIT wording and dealer economics approved if displayed to customers.
- [ ] Material-request flow works.
- [ ] Completion / invoice / review flow works.
- [ ] Failure alerts work.
- [ ] Kill switches documented.

Compliance & security

- [ ] Privacy notice reviewed.
- [ ] Website / form consent language approved.
- [ ] CASL unsubscribe handling tested.
- [ ] DNCL / internal DNC handling approved for outbound calls.
- [ ] Vendor register complete.
- [ ] Cross-border processing notice decision complete.
- [ ] Retention schedule approved.
- [ ] Breach-response steps documented.
- [ ] Pasted / shared credentials rotated.
- [ ] Shared logins replaced with named users where possible.
- [ ] MFA enabled where possible.
- [ ] API / service accounts scoped.
- [ ] Password manager holds production secrets.

QA

- [ ] Website lead test passed.
- [ ] Website source / attribution test passed.
- [ ] Google Business Profile lead test passed.
- [ ] Manual lead test passed.
- [ ] Duplicate lead test passed.
- [ ] Phone AI test passed.
- [ ] Appointment test passed.
- [ ] Folder test passed.
- [ ] NaturalForms submit / archive / sync test passed.
- [ ] Proposal test passed.
- [ ] Contract / signature test passed.
- [ ] Measurement test passed.
- [ ] Material-list test passed.
- [ ] Payment-method display / reconciliation test passed.
- [ ] Deposit / invoice test passed.
- [ ] Material-request test passed.
- [ ] Completion / review test passed.
- [ ] Automation-failure test passed.
