Costs, vendors & buy gates

What the first deliverable actually costs, what each tool is worth as a planning number, and the gate that has to clear before any expensive add-on gets bought.

Recommended budget to present first

SCENARIO	MONTHLY ESTIMATE	ONE-TIME ESTIMATE	RECOMMENDATION
Existing-subscription first deliverable	CAD $0–$150 incremental	CAD $0 new-vendor setup	Default first delivery
Low-volume operating spine	CAD $1,100–$2,500 all-in, or CAD $50–$400 incremental if current subscriptions are already paid	CAD $0–$500	Best immediate target
Lean build / test with AI pilot	CAD $1,400–$2,800	CAD $0–$2,000	Use during active build / config / test
Expansion after volume proof	CAD $4,200–$5,800	CAD $8,000–$12,000	Only if Renoworks / report volume is justified
Full future stack	CAD $5,000–$6,800	CAD $18,800+ known setup fees	Deferred

Core run-rate planning

TOOL	PLANNING ESTIMATE	DECISION
JobNimbus	Already subscribed; CAD $600–$1,500/mo planning value	Existing — keep and configure
NaturalForms	Already subscribed; plan level must be confirmed	Existing — use for field forms / signatures / output
GHL base plan	Existing from discovery; CAD ~$422/mo for Unlimited equivalent if re-priced	Keep if already paid
GHL AI Employee	CAD ~$138/mo plus usage if enabled	Not required for the first deliverable unless already active
GHL telephony / SMS / email	CAD $50–$250/mo	Usage-controlled
Make	Already subscribed; CAD $30–$150/mo planning value	Keep and clean
QuickBooks	Already subscribed; CAD $80–$200/mo planning value	Accounting truth
Google Workspace	Already subscribed; CAD $60–$100/mo planning value	First storage authority unless owner overrides
RoofRuler	Already subscribed / used; otherwise CAD ~$40/report	Pay per qualified report only
Cloudflare Workers	CAD $7–$25/mo	Only if relay / health checks are needed
Supabase / Neon	CAD $0–$75/mo	Only if an audit ledger / dashboard is needed
Mistral OCR 4	CAD $0 first; CAD $5–$50/mo only for hard docs	Paid OCR fallback only

Front-door & attribution costs

LEVER	PLANNING ESTIMATE	DECISION
Google Business Profile	CAD $0	Audit and maintain — categories, service areas, hours, photos, review link.
GHL attribution / number pools	Use existing GHL; telephony usage only	First call-source and lead-source attribution path.

LEVER	PLANNING ESTIMATE	DECISION
Local Services Ads	Pay-per-lead; category / location dependent	No spend until intake QA passes; check area / category eligibility.
CallRail	From ~CAD $50/mo plus usage	Paid fallback only if GHL attribution / number pools fail real tests.

NOT IN THE FIRST DELIVERABLE

CallRail, paid ads / LSA, a local-SEO agency, and a website rebuild are not part of the first deliverable — they're gated decisions for later.

Voice alternatives

PROVIDER	PLANNING ESTIMATE · 500 AI MINUTES	USE WHEN
GHL Voice AI	CAD $190–$390/mo all-in estimate	First pilot
Vapi	CAD $70–$250/mo plus telephony / model variance	GHL fails tool calls / webhooks
ElevenLabs	CAD $170–$300/mo	Voice quality is the blocker
Retell	CAD $78–$220/mo	Benchmark managed option
Twilio + OpenAI Realtime	CAD $150–$800/mo	Full control needed
LiveKit Agents	CAD $100–$800/mo	Owning voice infra becomes necessary

Expensive add-ons

TOOL	ESTIMATE	GATE
RoofRuler	CAD ~$40/report; CAD $2,400/mo only at 60 reports	Pay per qualified report first
Renoworks	CAD $8,000 setup + CAD ~$378/mo	Add only if visualizer-led selling is core

TOOL	ESTIMATE	GATE
NaturalForms REST API / Grow upgrade	Custom pricing / plan-dependent	Don't upgrade unless native integration / webhooks can't deliver
Paradigm	CAD $10,800 setup + CAD ~$673/mo	Add only after the manual material flow is stable
PandaDoc / DocuSign	CAD $50–$300+/mo	Add only if JobNimbus / NaturalForms / HTML signing fails
Moneris	Transaction-fee based; v9.1 notes ~CAD $0.10 Interac debit, percentage credit-card fees	Add only after accounting / payment policy is approved
FinanceIT	Dealer fee / financing economics vary by program	Add only after customer wording and dealer economics are approved
WooCommerce / hosting	CAD ~$35/mo planning note from v9.1	Deferred; not needed for Task 1

Payment stack to validate

METHOD	COST POSITION	TASK 1 DECISION
Cash / cheque / draft / direct deposit	Lowest processing cost	Allowed if office / accounting approves wording and tracking
Interac e-Transfer	Low or no processing cost, depending on bank setup	Preferred low-cost customer path if operationally accepted
Moneris Interac debit	Per-transaction fee based	Approval required; only if a card-terminal process is needed
Moneris credit card	Percentage-fee based	Offer only with an approved fee policy and reconciliation
FinanceIT	Financing / dealer economics	Offer only after approved program, scripts, and compliance wording

Payment methods appear in customer-facing proposals only after the owner and accounting confirm wording, fees, reconciliation, and staff handling.

Free / minimum options

NEED	FREE OR MINIMUM	LOW-COST PAID	DEFERRED PURCHASE
Storage	Existing Google Drive	Workspace / Microsoft paid storage if capacity requires	Custom object storage
OCR	AppliCad XML, PDF text extraction, Tesseract	Mistral OCR for hard documents	Google Document AI if preferred
LLM drafting	Manual templates or de-identified prompts	OpenRouter free / cheap models for non-sensitive data	Dedicated paid LLM with privacy review
Automation	Existing Make scenarios	Make Pro / Teams or n8n self-host	Custom relay

Field forms / signatures	Existing NaturalForms	NaturalForms API upgrade only if required	PandaDoc / DocuSign
Dashboard	JobNimbus / GHL reports + sheet	Looker Studio / small page	Full custom dashboard

Data & privacy constraint for cheap AI

Free or cheap LLM providers are allowed only for:

- De-identified drafting.
- Internal SOP generation.
- Template text.
- Non-customer examples.

> **HARD LINE**
>
> Never send customer names, phone numbers, addresses, job details, recordings, payment status, or documents to a free or cheap AI provider until vendor terms, the privacy notice, and owner approval are all complete.
